How to Choose the Right Padlock - insight-security.com

What size you need, will often be determined by the use your padlock will be put to You obviously wouldn't want to use a big chunky padlock to lock your suitcase, conversely a flimsy luggage lock would look ridiculous for securing your factory gates So the first consideration is; the size you choose should "look right" for the

Approximating functions by Taylor Polynomials.

This may seem like a useless idea After all, your calculator will give you an exact(?) value of $\sin x$ for any x you choose But, did you ever wonder how your calculator knew all those numbers? It hasn't remembered them all, rather it remembers a polynomial approximation for $\sin x$ and uses it to calculate any particular value that you request
